

The Carolina Ear Research Institute 2010 Temporal Bone Surgical Dissection Course

This course is designed for otolaryngologists, otologists and residents in training involved in the care of patients with hearing loss and chronic otitis media. Faculty will present updated information and instruction pertaining to new treatments for chronic ear disease. These include the role of bone cement in ossicular chain reconstruction and an update on current stapedectomy techniques. The management of the facial nerve in chronic ear surgery, and the surgical management of vertigo will be discussed. The course will consist of didactic lectures and hands-on temporal bone dissections.

Program Objectives

At the conclusion of this program, participants should be able to:

1. Discuss the various options for chronic otitis media management including the reversible canal wall down approach.
2. Be familiar with a variety of techniques for ossicular chain reconstruction.
3. Be able to discuss variations in stapedectomy techniques and management of revision stapes surgery.
4. Have an understanding of the indications and surgical techniques for a Bone Anchored Hearing Device.

Faculty

Dr. McElveen completed his otology/neurotology fellowship at the

House Ear Clinic and is a member of the American Neurotology Society, Triologic Society, American Otologic Society, as well as other national and local medical organizations. Dr. McElveen serves as director of the Carolina Ear Research Institute, a non-profit institute focusing on clinically relevant otologic research, improving hearing healthcare in the community, and providing continuing medical education for residents and practicing otolaryngologists.

John T. McElveen, Jr., M.D.

President, Carolina Ear & Hearing Clinic
Director, Carolina Ear Research Institute

Dr. Cunningham completed his fellowship training in Otolaryngology-Neurotology

at the House Ear Clinic in Los Angeles. His specialties include hearing loss and vestibular disorders, chronic ear infections, acoustic tumors and other skull base lesions, cochlear implants, facial nerve disorders and congenital ear malformations. Dr. Cunningham serves as Co-Director of the Carolina Ear Research Institute.

Calhoun D. Cunningham, III, M.D.

Associate, Carolina Ear & Hearing Clinic
Co-Director, Carolina Ear Research Institute

Thursday, May 6, 2010

7:30a	Welcome/Registration
8:00	Cholesteatoma: Surgical Options
8:30	Intact Canal Wall Down Mastoidectomy & Facial Nerve Anatomy
9:00	Lab: Intact Canal Wall Down Mastoidectomy & Facial Nerve Dissection
11:00	Break
11:15	Chronic Draining Ear: Medical Considerations
11:45	Complications of Otologic Surgery
12:15p	Group Discussion/Question & Answer
12:30	Lunch
1:30	Lateral Graft Tympanoplasty
2:00	Medial Graft Tympanoplasty
2:30	Lab: Medial & Lateral Graft Tympanoplasty
4:00	Break
4:15	Use of Cartilage in Chronic Ear Surgery
4:45	Neurotology for the Otolaryngologist
5:15	Adjourn

Friday, May 7, 2010

7:30a	Breakfast
8:00	Otosclerosis: Historical Perspective
8:30	Stapedectomy: Variations in Technique
9:00	Lab: Stapedectomy Technique
10:00	Break
10:15	Innovations in Ossicular Chain Reconstruction
10:45	Lab: Ossicular Chain Reconstruction (PORPs, TORPs & Bone Cement)
12:00p	Lunch and Group Photo
1:00	Canal Wall Down Mastoidectomy—Standard & Reversible Canal Technique
1:30	Lab: Canal Wall Down Mastoidectomy
3:00	Update on Management of Meniere's Disease
3:30	Break
3:45	Lab: Transmastoid Endolymphatic Shunt/Labyrinthectomy
5:15	Adjourn
6:00	Group Dinner—The Second Empire Restaurant & Tavern

Saturday, May 8, 2010

7:30a	Breakfast
8:00	Office Evaluation of the Dizzy Patient

9:00	LAB: BAH A Placement
10:00	Break
10:15	Cochlear Implantation: Indications & Technique
10:45	LAB: Cochlear Implantation
12:00p	Adjourn

Accreditation / Disclosure

Accreditation

The Carolina Ear Research Institute is accredited by the NC Medical Society to provide continuing medical education for physicians. The Carolina Ear Research Institute designates this educational activity for a maximum of **19.25 AMA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in this activity.

Commercial Support

This CME activity is supported by educational grants. A complete list of supporters will be published in the course syllabus.

Conflict of Interest

The Carolina Ear Research Institute adheres to the ACCME Essential Areas, Standards and Policies regarding industry support of continuing medical education. Disclosure of the planning committee and any faculty commercial relationships will be made known to the activity audience. Speakers are required to openly disclose any limitations of data and/or any discussion of off-label, experimental or investigational use of drugs or devices in their presentations.

Special Needs

CERI is committed to making its activities accessible to all individuals. If you are in need of an accommodation, please do not hesitate to call or submit a description of your needs by fax or email in order to receive services.

Registration Information

Pre-Registration Required

Space is limited to 9 participants for the 2 ½ day course. Please register early to reserve your seat.

Early Bird Registration (before 4/16/10) \$700

Full Registration (after 4/16/10) \$800

Registration includes:

- Temporal bone for drilling in the lab
- Variety of sample prosthesis and loaner equipment to test in the lab
- Dinner at The Second Empire Restaurant & Tavern on Friday night
- Breakfast, lunch and snacks Thursday and Friday; breakfast on Saturday

Hotel Accommodations

Course participants are eligible to reserve a room at The Crabtree Courtyard by Marriott within the Course block. Please contact the hotel directly to reserve your individual room, and mention the Carolina Ear Research Institute to obtain the special rate of \$99 + tax per night. The room block will be released on April 8, 2010 and reservations made after that date will be subject to availability.
