

## Advanced Resident Series

# Temporal Bone Surgical Dissection

**October 26-28, 2017**

**Carolina Ear Research Institute**

5900 Six Forks Road, Suite 200 Raleigh, NC 27609

### Course description:

This course is designed for otolaryngology residents involved in the care of patients with hearing loss and chronic otitis media. Faculty will present updated information and instruction pertaining to surgical techniques used in the management of chronic ear disease and otosclerosis. This will include ossicular chain reconstruction, mastoid surgery, and facial nerve management in chronic ear surgery and stapedectomy techniques. The course will consist of didactic lectures, video sessions, and hands-on temporal bone dissections.

### Course director:

**John T. McElveen, Jr, MD**

Carolina Ear and Hearing Clinic

### Invited guest faculty:

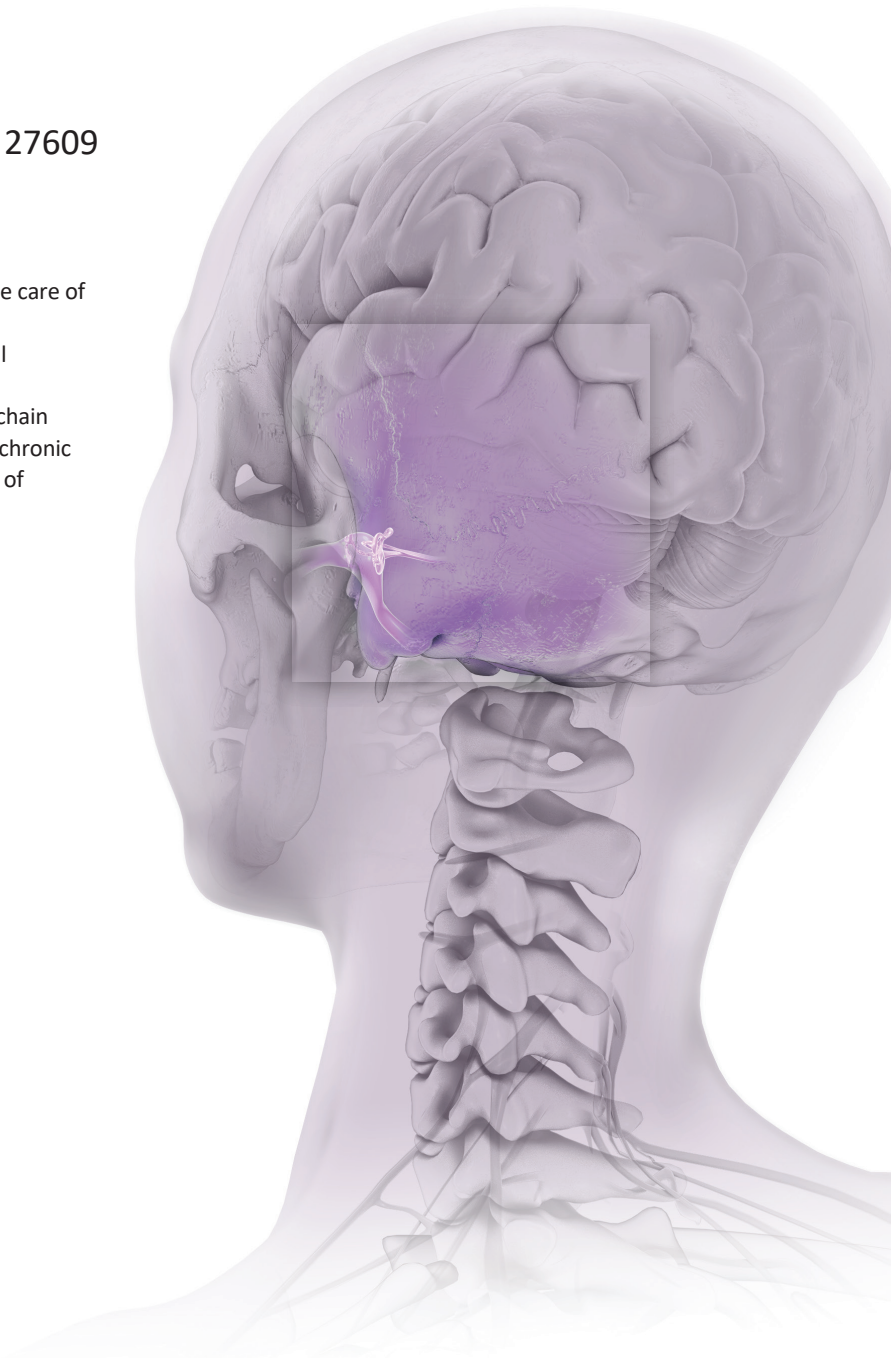

**Fred Telischi, MD**

University of Miami

### Contact information:

**Melanie Sullivan**
